

Ontario DriveON

Information Sessions – Schedule and Registration

We are pleased to invite MVIS owners (or their representative) interested in participating in the DriveON Program to attend one of the upcoming Information Sessions being hosted across Ontario.

Owners can choose to attend a virtual session or one of the available in-person sessions in their region. Both virtual and in-person sessions cover the same information where Ministry of Transportation and Parsons will provide information about the new DriveON Program, required equipment and the enrolment process.

Registration is required to attend. Due to venue capacity limits, we recommend you register today.

Please “click” on the event you would like to attend below to be taken to the registration page. A confirmation will be sent to the email address you register with.

Virtual Events

Virtual Events are hosted through MS Teams. Registration is required and you will need a computer and Internet to attend. Sessions are scheduled for approximately one hour and there will be opportunities for questions and answers. The link to attend the virtual session will be provided three days in advance to registered participants.

	Event Date	Time
<u>Virtual Event – December</u>	Monday, December 5, 2022	10 am and 2 pm
<u>Virtual Event – January</u>	Monday, January 9, 2023	1 and 4 pm

Information Sessions – Schedule and Registration

In-Person Events

Sessions are scheduled for approximately one to 1.5 hours and there will be opportunities for questions and answers. Space is limited – Register for an upcoming Information Session TODAY!
